

Camp Conduct Agreement

One of the cornerstones of the **Old School Goal School™** training program is discipline and accountability. This includes conduct both on and off the ice.

As participants, we expect each goalie to be committed to the program's goals. This commitment includes showing up on time for all sessions, notifying the coach of any required absence, working well with your fellow goalies, bringing your best of the three A's to every session (**Attitude, Attention, and Ambition**) and completing any home training assignments as required.

In addition, goalies agree to comply with all written and verbal regulations and rules of **Old School Goal School™** staff and representatives. This would also include the rules and staff of the facility in which the training camp is to be held. I acknowledge that failure to comply could result in immediate removal from the program without any program or credit.

It is understood that irresponsible behavior will not be tolerated. This behavior would include but not be limited to, disrespecting staff or others in the facility, unsportsmanlike conduct towards fellow student goalies, damaging of property, or use of any illegal substances.

Any charges resulting from the misconduct of a student goalie will be the responsibility of that individual/family (e.g. damages, fines etc.)
